

## **CIRCH Frequently Asked Questions**

**1. Can I only submit an abstract?**

Yes, you can submit only the abstract to our conference. If chosen, however, your presentation time will be 10 to 12 minutes instead of 20 minutes like those who submitted full papers.

**2. Can I submit a paper as a team? // Can multiple people write and present a paper?**

Yes, you can submit a paper as a team and have multiple people present together. The only requirement for this is that all presenters have contributed equally into the project and writing process of your research paper.

**3. When is the deadline for paper submissions?**

The current deadline for paper submissions is February 27, 2023. Although this deadline will be extended, we still recommend that you submit your paper on this date for a more thorough review of the submissions.

**4. Is there a submission fee?**

No, there isn't a submission fee. All you have to do is create an EasyChair account and submit your paper.

**5. Can the length of the paper exceed 5 pages?**

While we recommend that the maximum paper length is 5 pages, not including graphics (texts alone), we will still receive longer submissions and review them.

**6. Is it possible to present the paper in person?**

Our CIRCH 2023 conference will follow a hybrid format and we sincerely hope that it will be possible for presenters outside of our school to join us in person.
